## STATEMENT OF PURPOSE

In 1988, the *Proceedings* was established by the Society for California Archaeology to provide a publication outlet for papers presented at the Society's *Annual Meetings*, held each spring at alternate Northern, Central, and Southern California locations. All papers presented at the *Annual Meeting* are eligible for publication. Thus, the *Proceedings* serve as a forum for all who participate in this annual celebration of California's rich and diverse past: archaeologists and Native Americans, avocationalists and professionals, professors and students, historians and prehistorians, and government staff and the public they serve. The *Proceedings* are published annually, thus ensuring prompt dissemination of research results. Individual papers are published without formal peer review, except as required by the *Proceedings* editors to meet style requirements and graphical standards, and ensure conformance with the Society's By-Laws and Ethical Guidelines.

## SUBSCRIPTION

Subscription to the *Proceedings* is a benefit of membership in the Society for California Archaeology. Membership information may be obtained from the SCA Business Office (contact listed on the inside back cover).

## INFORMATION FOR CONTRIBUTORS

Procedures and deadlines for submission will be posted to the Society's web site ([www.SCAHome.org](http://www.SCAHome.org)) and published in the quarterly *Newsletter*. Authors should submit manuscripts both as hard copy and electronically. The *Proceedings* will not publish information that has appeared in the Society's *Newsletter*.
