STATEMENT OF PURPOSE

In 1988, the *Proceedings* was established by the Society for California Archaeology to provide a publication outlet for papers presented at the Society's *Annual Meetings*, held each spring at alternate Northern, Central, and Southern California locations. All papers presented at the *Annual Meeting* are eligible for publication. Thus, the *Proceedings* serve as a forum for all who participate in this annual celebration of California's rich and diverse past: archaeologists and Native Americans, avocationalists and professionals, professors and students, historians and prehistorians, and government staff and the public they serve. The *Proceedings* are published annually, thus ensuring prompt dissemination of research results. Individual papers are published without formal peer review, except as required by the *Proceedings* editors to meet style requirements and graphical standards, and ensure conformance with the Society's By-Laws and Ethical Guidelines.

SUBSCRIPTION

Subscription to the *Proceedings* is a benefit of membership in the Society for California Archaeology. Membership information may be obtained from the SCA Business Office (contact listed on the inside back cover).

INFORMATION FOR CONTRIBUTORS

Procedures and deadlines for submission will be posted to the Society's web site (www.SCAHome.org) and published in the quarterly *Newsletter*. Authors should submit manuscripts both as hard copy and electronically. The *Proceedings* will not publish information that has appeared in the Society's *Newsletter*.
